SUMMARY

Enthusiastic and motivated beginner JavaScript developer with a solid foundation in core programming concepts.

I have experience in building adaptive and interactive user interfaces and building a server-side. I am passionate about learning new programming technologies, with a strong desire to grow and develop technical skills.

Looking for an entry-level position that will allow me to apply my current skills and gain hands-on industry experience.

EDUCATION

JAVASCRIPT COMPLEX

Okten School

09.2022 - present
